Quiz 1

Spring 2017

3 points possible. Failure to write your full name or circle your lab section will result in a zero on the quiz.

- What is your major?

Major: Psychology

Minors: BIOLOGY & Business

- Circle the system you are most interested in covering this semester.

☐ Integumentary

☒ Nervous

☐ Respiratory

☐ Urinary

☐ Muscle

☐ Endocrine

☐ Immune

☐ Reproductive

☐ Skeletal

☐ Cardiovascular

☒ Digestive

- In one sentence, why are you taking this course?

Though the class is part of my pre-req for Nursing school, but I do think the class is very fundamental and useful for future study / research / career development in human Life Science.

- Do not answer this question until prompted by Dr. Dan. Please vote for your preferred date for Exam 2.

- Wednesday, March 8

- Monday, March 20

- Wednesday, March 22

- Monday, March 27

many other science classes also have exams right before

Spring break, so it will be VERY Rough since:

- students will be studying ~~for~~ for multiple exams ^{within} the same week
- students won't have enough time to let the newly learned material ~~precipitate~~ precipitate in their mind.
- more time to study \Rightarrow more likely the material would be stored in longterm memory

\Rightarrow success extends beyond doing well on exam but future intellectual challenge.

(my apology if I wrote too much) ~~_____~~

Points Earned: 3 2 1
